

WEEKLY REPUBLICAN—1907.
DAILY PUBLIC LEDGER—1908.

MAYSVILLE, KY., TUESDAY, MARCH 14, 1905.

ONE COPY—ONE CENT.

WHAT MIGHT HAVE BEEN.

"The hand that rocks the cradle"—but there is no such a hand.

It is bad to rock the baby, they would have us understand.

So the cradle is but a relic of the former foolish days.

When the mothers reared their children in unscientific ways.

When they joined them and they bounced them, those poor dwarfs of long ago—

The Washingtons and Jeffersons and Adamses, you know.

They warn us that the baby will possess a mind-died brain.

If we dandle him or rock him. We must carefully refrain.

He must lie in one position, never swayed and never swung.

Or his chance to grow to greatness will be blasted while he's young.

Ah, to think how they were reared by their mothers long ago—

The Franklins and the Putnams and the Hamiltons, you know.

We must feed the baby only by the schedule that is made.

And the food that he is given must be measured out and weighed.

He may bellow to inform us that he isn't satisfied.

But he couldn't grow to greatness if his wants were all supplied.

Think how foolish nursing stunted those poor weaklings long ago—

The Shakespeares and the Luthers and the Bonapartes, you know.

We are given a great mission; we are here today on earth.

To bring forth a race of giants and to guard them from their birth.

To insist upon their freedom from the rocking that was bad.

For our parents and their parents, scrambling all the brains they had!

Ah, had they been fed by schedule, would they have been stunted so—

The Websters and the Lincolns and the Grants and Lees, you know?

THE SUCCESSFUL WIFE

How She Keeps on the Good Side of Her Dear Hubby

Philadelphia Inquirer.

The successful wife keeps on hand a little boom in case of need. She keeps a surprise tucked up in her sleeve, where it can be fired on a moment's notice. Maybe it is a carnation for his coat lapel; maybe it is the baby's picture framed for his desk. Something she has ready, and when his affection needs jogging she does not hesitate to do the jogging.

Why, a bunch of violets or a knot of bright ribbon where it adds the most to the wife's charms almost makes a man forget he is hungry.

A saucy pinch with the usual kiss or a merry chase away from the accustomed greeting will almost make a man forget that he is married to the adorable creature. A stage whisper now and then and a twinkle of mischief are worth hours of cooing. The woman who buried her roguishness on her wedding day robs her home of much of its happiness.

The Maysville and Mason County Historical Society desires THE LEDGER to return thanks to the Hon. Virgil McKnight for a large and beautiful map of the state of Kentucky—something useful as well as ornamental.

ROBBING THE RAILWAYS

How Thieves Plunder Freight Cars of "Soulless Corporations"

In arresting Henry Simmerdinger, a night-watchman on a coal fleet, the police found an immense quantity of goods hidden about his home at Bromley, and he is held on the charge of stealing.

Railroad officials say that within six months \$25,000 worth of goods has been stolen from the cars, and they believe most of that found is part of the plunder.

The find included barrels of lard, barrels of molasses, sacks and cans of coffee, empty jewelry cases, willow baskets, bolts of dress goods, boxes of shoes, coils of leather belting, coils of rope, opera glasses, phonographs, boxes of combs and brushes, 3,000 loose cigars, the same amount in boxes, boxes of stationery, boxes of pipes, thousands of shotgun shells and an immense amount of grain.

The police were attacked by dogs when they undertook to search the house, and only entered after a fight with the brutes.

NOTHING HEARD OF HIM

Whereabouts of William L. Schatzmann Still Unsolved

The mysterious disappearance of Mr. William L. Schatzmann from his home in West Second street yesterday morning, of which THE LEDGER made mention, remains unsolved.

There were no developments during the day, notwithstanding the Police were engaged all day in a diligent search to give hope for his safety or abate the apprehension his relatives and friends entertain.

There was no earthly reason for the man committing suicide, as many now are prone to believe.

He was an exceedingly quiet man of genial temperament and well liked by his acquaintances.

He had a happy home circle and was pleasantly situated.

It has been stated, however, that his business ventures the past two years have been the reverse of success, and that in the sale of his saloon last Saturday, he tangled himself with two buyers, and this is said to have worried him, and altogether may have unbalanced his mind.

He had practically rented the Diener House in Market street opposite the Central Hotel and was to have taken possession Monday morning.

In leaving his home he passed out the rear door, leaving it ajar; and through a gate, which he closed and fastened by placing a large stone against it; he then wended his way to the river, which, owing to the high stage of water, was but a short distance from his residence, and here all trace is lost of the missing husband and father.

The fact that he was not fully dressed and that he left his money and watch behind is evidence sufficient to dispel the theory that he has gone to his sister in Cincinnati.

In the sale transaction Mr. Dersch gave him a check for \$590—\$10 having been paid previously to bind the bargain—which is missing, and he may have it on his person.

A laborer along the line of the C. and O. in the West End informed Policeman Sentoney that he saw a man walking down the track early in the morning, and the description he gave of him was exactly that of Mr. Schatzmann.

In all similar disappearances the parties have been seen—at least, said to have been—in various places, but in the end when found were dead.

While it is sincerely hoped the absent man may turn up all right, his action is almost conclusive evidence that he has made away with himself.

The Caley Powers Defense Fund now amounts to \$6,593.50.

With the coming of the blue birds, crows and other avant-couriers of the approach of spring, trade in the city is taking on a tinge of activity. The merchants of Maysville, noted for hustling qualities and up-to-date ideas, are displaying in their show windows an array of pretty things sufficient to turn the head of most any woman.

The Spring COATS

COVERT JACKETS. We have found this to be a splendid season for Covert Coats. The cool weather has much to do with it of course but apart from that we feel the success is owing in no small degree to the intelligence with which we measured the wishes of Maysville women. We have a Coat collection you will hardly find equaled in town. In quality, finish and style they are excelled nowhere. Then prices at Hunt's are always distinctly in your favor. \$5 to \$12½.

RAINCOATS. The knock-about wrap for rain and shine. The designs are very smart this spring, the tailoring stylish and effective. In olive and tau shades, also black. Guaranteed genuine rainproof Cravenette. \$10 to \$25.
FREE—Alterations in skirts, coats and skirts made without charge.

BARGAIN CURTAIN SWISS.

On a table at the store entrance you will find some pretty Curtain Swiss in colored floral designs on white grounds reduced from 12½c and 15c to 8c a yard. Nothing wrong with the fabric or designs, except that patterns newer, but no prettier, are scheduled to arrive and these must go to make room for the new comers. This should prove a welcome opportunity to women who need pretty, inexpensive curtains, bed or room draperies of wash material. 12½c and 15c qualities for 8c.

Globe Stamps vs. Rumors

It is getting to be a semi-annual affair for some Maysville "Knockers" to start rumors that the Globe Stamp Co. will discontinue giving stamps. To stop these rumors we say once and for all that we have renewed our contract for another year, and any time we wish to discontinue the use of stamps we will give our customers **THREE MONTHS NOTICE** in order that they will have plenty of time to redeem their books. Remember that we are at all times for our customers first. In the next thirty days we will receive the greatest lot of Premiums ever shown. In addition there will be several more merchants giving out stamps. In about thirty days the Stamp Company will announce a new plan, where you will be able to save more stamps. For every 10c you spend get your stamps. We are willing to give stamps for cash trade. A cash customer should have some advantage over a credit one. Some merchants will tell you that you have to ask more for goods if you give stamps. THAT IS NOT SO. We ask you to

When Field Marshal Oyama gets through making monkeys of the Russians, he might come over and take a hand in the Fayette-Clark-Breathitt jurisdictional war.

I AM not often mistaken in "sizing up" an individual or a situation. I never saw the Honorable Mister Bristow but once; then for about 3½ minutes, but that was long enough to last a lifetime. Readers of THE LEDGER may have noticed, from time to time, a few references to that august person, who did not impress me as much of an improvement on a razor-back. And maybe, after all, my estimate of him will be borne out by the investigation into his peculiar methods, which is foretold in a Washington letter printed in another column.

THE LEDGER welcomes its esteemed contemporary in new and enlarged form. Increasing advertising patronage, and just consideration for the demands of readers, have induced Messrs. McCARTHY & ALMEYER to enlarge The Daily Bulletin to a six-column quarto; and yesterday it appeared in its new size, with a new heading and with many other marked improvements. A city is known through its newspapers, and with two such dailies as Maysville now has, her business is sure of the widest publicity. Success and "more power to you," gentlemen.

If Russia is wise she will accept peace in preference to pieces.

A GUEST in a St. Petersburg hotel was packing his gripsack the other morning when one of his bombs burst, blowing him to atoms, partially wrecking the hotel and killing a lady in one of the rooms. A bomb is now an essential in every Russian travelers outfit.

GRAND CHIEF STONE of the Brotherhood of Locomotive Engineers has revoked the charter of the striking Interborough Engineers in New York. Mr. STONE stated that the action was taken on the ground that the Brotherhood had a contract with the Interborough Company covering a period of three years, which had been signed in September last, and that the engineers struck without consulting the officers of the Brotherhood and in clear violation of the existing agreement. It is such Unions as the Brotherhood of Locomotive Engineers that reflect credit upon their members. In labor circles it occupies the proud position once held by the Typographical Union, which the latter lost by "merging" with all the rascallions that compose present day labor organizations.

Political Pickings

JIM ALLEN TURNS REPUBLICAN!

Cynthiana Democrat.

Theodore Roosevelt will be inaugurated President of the United States today. The inauguration ceremonies and parade will go down as the largest and most magnificent in the history of the country to this day, and Mr. Roosevelt will go into office backed by the largest popular majority ever given a candidate. The most peculiar and gratifying feature, however, will be the equanimity and composure with which his political opponents, the Democrats, will witness the inauguration. Recent actions of the President have placed him in an entirely different light from that under which he stood prior to the November election. The Democrats feel that he is big enough and broad enough to administer the affairs of his office for the good of the whole people, and that no longer will partisan malice and rancor prevail at the White House. The President is swinging closer and closer to Democratic principles every day of his life.

The war office does not even know accurately what units were captured. Over 23,000 men of General Kaulbars's force were captured. Joe Craig, aged 60 years, the largest man in Kentucky, is dead at his home in Montgomery county. He was seven feet and a few inches tall, weighed 416 pounds and it took a specially ordered casket eight feet long, five feet wide and four feet deep in which to bury him. No hearse could hold it and it took twelve men to carry it. Craig was with Barnum's Circus as a giant for years.

THE DEVIL'S AUCTION.
One of the most prominent features of Charles H. Yale's everlasting "Devil's Auction" and, by the way, a feature that is not now presented by any other spectacular organization, is the Transformation Scene. In former years a spectacular performance was not considered complete without its final scene of transformation, and, for the case of the original Black Crook, The White Fawn, and later in David Henderson's show pieces, were spent in presenting these magnificent specimens of the scenic painter's art. Manager Yale has each year offered his patrons a beautiful series of stage pictures and in this the twenty-third edition promises a radical change from anything hitherto attempted in this line. The new transformation is entitled "Amor" (Love) and is claimed to be one of, if not the handsomest, mise-en-scene ever presented. At the Washington Opera-house Wednesday, March 15th. Seats now selling at Ray's.

After Bristow's Scalp

Former Assistant Postmaster General Accused of Many Irregularities.

Correspondence Commercial Tribune.

WASHINGTON, March 11.—They are after Joseph L. Bristow, late Fourth Assistant Postmaster General, and the tip from inside sources is that the Kansas official scalp will be taken before he has had time to acquaint himself with all the routine incidental to drawing the salary for the job under the Panama Canal Commission that was created especially for him when Postmaster General Wynne succeeded in making it so unpleasant for him in the Postoffice Department that he tendered his resignation.

The unofficial announcement is that there is now being conducted in the Postoffice Department an investigation into Bristow's work as Fourth Assistant, when he directed the work of the postal investigation that resulted in the scandal that stirred Washington and the country so deeply two years ago. Chief Inspector Vickery, an old Indiana man, hailing from Evansville, down in the pocket, is in charge of the investigation of Bristow.

PIGEONHOLED PAPERS.
The matters now under investigation are not those which were made public when Bristow printed his official report, but those which were pigeonholed by him when he made that report. There are said to be many files of papers which will certainly make interesting reading for the enemies of the former Fourth Assistant, and it is thought likely that these will be made public through a report of the present inquiry.

For instance, it is freely asserted that Bristow pulled many personal friends or relatives of his into the classified service haven through the back door—that is he got many men into the Government employ, and under the civil service rules so that they could not be displaced,

without their taking and passing the examinations required of all applicants and then taking their turn on the accredited list.

WAS EASILY WORKED.
A favorite method of accomplishing this was to appoint a man to a clerkship in a Postoffice not under the civil service rules but that was shortly to be placed on the classified list. All employees of such offices came under the civil service rules without examination when the office was placed on the classified list; then the favored individual could be transferred to Washington and given a good position.

A specific case of Bristow's work along this line that is cited is that of a son of "Si" Leland, long a prominent figure in Kansas Republican politics. Leland's son was appointed to a clerkship in the office at Tampa, Fla. Tampa was not in the classified list at that time, but within twenty-four hours after young Leland arrived in Tampa on his long trip from Kansas Tampa was classified and he was transferred to Washington. He never unpacked his grip in Tampa, it is said, but came on here, was made an Inspector and assigned to the St. Louis Division, where he has since held forth.

CAVE RELATIVES POSITIONS.
Another thing for which Bristow is condemned was his placing of his father and son in the Postoffice service. The father was appointed as a laborer in the Cincinnati service, but was assigned to work upstairs there, and has never been a "laborer." The son was placed on the Government payroll while he was attending school here.

The President knows more about Bristow now than he did when Bristow was making such a record as the exposé of official graft and irregularities, but he wants sufficient, definite, incontrovertible evidence to justify Bristow's permanent retirement from the Government service before taking any official action to cause that retirement.

Mrs. M. Archdeacon has returned from Cincinnati.

Mr. Edward Garrett was down from Flemingsburg yesterday.

There is a wandering cow in the Fifth Ward that has made nightly visits for the past week to several nice lawns and yards in Commerce street. It is a nice looking animal and for that reason there has been no violent demonstrations toward her. But patience has ceased to be a virtue with the people there, and unless the proper authorities attend to her cowship the residents along that thoroughfare will take the matter in hand and have the animal put up.

The Sprague is now on her way to New Orleans.

The Allegheny and Monongahela rivers are falling.

The Henry M. Stanley was the Pioneer, packet last night.

The gauge marks 44 feet this morning, being a fall of 1.7 since yesterday.

The W. W. O'Neil will return South from Louisville with a tow of coal.

The Iron Age, Sam Brown and Ed. Roberts have passed down with their tows.

The Henry Lowry, from St. Louis, passed up with a tow of empties for Pittsburgh.

The Keystone State will be up tonight for Pittsburgh, followed by the Queen City on Saturday night.

The largest coal shipment which has left Pittsburgh for months was started Sunday. The fleet contained about 2,500,000 bushels of coal consigned to Cincinnati and Louisville. The boats carrying the coal are: Exporter, 17 boats; Roar, 17 boats; Tom Dodsworth, 17 boats; 5 barges, 2 flats and 2 model barges, Tornado, 10 boats, 2 barges; G. W. Thomas, 10 boats, 11 barges, 2 flats. Another shipment of about 2,000,000 bushels was made yesterday.

Champion Liniment For Rheumatism.
Charles Drake, a Mail Carrier at Chaplinsville, Conn., says: "Chamberlain's Pain Balm is the champion of all liniments. The past year I was troubled a great deal with rheumatism in my shoulder. After trying several ointments the storekeeper here recommended this remedy, and it completely cured me." There is no use of anyone suffering from that painful ailment when this liniment can be obtained for a small sum. One application gives prompt relief, and its continued use for a short time will produce a permanent cure. For sale by all Druggists.

FOR SALE.

ROBERTSON, Adm'r and Ex'ors N. Cooper, deceased, Mayville, Ky., March 14, 1905.

FREE CORN FOR SEED.

On Monday, April 3d, 1905, County Court Day, I will give to the farmers of Kentucky and Ohio, whose farms are located outside of Mayville ten ears of seed corn, a part of the corn that was exhibited at the Tobacco Fair, February 22d, 1905. In order to get this corn it will be necessary for you to cut this advertisement out, and write your name and address in the blank space below arranged for that purpose, bring to my office, No. 215 Court street, any time after nine o'clock of that day. Those who come first will be sure to be accommodated. This is said to be the finest lot of corn ever exhibited. Don't ask for more than ten ears because you will be refused. This is sufficient to give you a fine start for seed corn next year. Remember, you can get either white or yellow as long as the supply lasts. No conditions are imposed upon you, but every farmer is requested to make preparation for an exhibit of corn, wheat, potatoes and tobacco at the Fair which will be held next February.

ANOTHER WONDERFUL CURE BY CUTICURA

Writing under date of Sept. 7, 1904, Mrs. Mattie Shaffer, of Cumberland, Miss., says: "Some time ago I ordered and received your wonderful Cuticura Remedies, which I used on my little afflicted babe with wonderful results. I had tried many other remedies without any benefit whatever, and Cuticura came to the rescue when my doctors and all other remedies had failed. One doctor pronounced it scrofula, the other eczema. The little one was one solid sore, with scales and scabs from head to foot, when I started using Cuticura Soap and Ointment. The result was wonderful, and now my baby's face and body are smooth and clear."
(Signed) Mrs. Mattie Shaffer.

THE DUTY OF MOTHERS
At the First Sign of Disfiguring Humors Is to Use Cuticura.

Every child born into the world with an inherited tendency to torturing, disfiguring humors of the Skin and Scalp, becomes an object of the most tender solicitude, not only because of its suffering, but because of the dreadful fear that the disfigurement is to be lifelong and mar its future happiness and prosperity. Hence it becomes the duty of mothers of such afflicted children to acquaint themselves with the best, the purest, and most effective treatment available, viz.: the Cuticura Treatment, consisting of warm baths with Cuticura Soap, and gentle anointings with Cuticura Ointment, the Great Skin Cure. Cures made in childhood are speedy, permanent, and economical.
Cuticura Soap, Ointment, and Pills, are sold throughout the world. Putter Drug & Chem. Corp., Boston, Sole Agents. Send for "How to Cure Disfiguring Humors."
The latest railroad combination framed up in New York by the financial speculators is that of the Erie, Cincinnati, Hamilton and Dayton, Pere Marquette and Chesapeake and Ohio, with a total mileage of 8,900 miles, extending from Chicago and the Great Lakes to the Atlantic seaboard. The consolidation of these lines would enable the C. and O. to get its coal into the lake region and prevent rate cutting in the Central West. The Pennsylvania Railroad is said to be behind the project.
